(b) A person commits a Class C misdemeanor or violation of the Board's statutes or rules by:

- (1) Violating the act or the rules adopted under it;
- (2) Performing non-exempt plumbing work without holding a valid license, registration or endorsement issued through the Board;

- (4) Proclaiming through advertising or by producing another's plumbing license, registration or license or registration number or by other means claiming that:
 - (A) an individual is a licensed plumber or is registered with the Board when in fact that individual is not a plumber licensed or registered by the Board; or

RULE §367.8. Investigation of Complaints.

(a) In accordance with the Memorandum of Understanding with the Texas Department of Licensing and Regulation, described in §1301.259 of the Plumbing License Law:

(1) the Board's Field Representatives and the Texas Department of Licensing and Regulation enforcement officers are authorized to perform on-site checks of the licenses, registrations and endorsements held by persons practicing occupations regulated by either agency and report alleged violations to the agency regulating the occupation; and

(2) the Board and the Texas Department of Licensing and Regulation shall conduct joint investigations, as circumstances require.

(b) The Board may utilize its Field Representatives, Director of Enforcement and Enforcement Committee, as appropriate, to investigate an alleged violation of the Plumbing License Law or Board Rules by a person who:

(1) is registered or licensed under the Plumbing License Law; or

(2) performs plumbing without holding a registration or license under the Plumbing License Law.

(c) The Director of Enforcement shall maintain a file and computer records on each written complaint alleging a violation of the Plumbing License Law or Board Rules filed with the board. The file and computer records are subject to the agency's record retention schedule and must include:

(1) the source of the complaint;

(2) the name of the person who filed the complaint;

(3) the date the complaint is received by the agency;

(4) the type and subject matter of the complaint;

(5) the geographic area, including the name of any municipality and the county in which the conduct that is the subject of the complaint occurred;

(6) the name of each person contacted in relation to the complaint;

(7) a summary of the results of the review or investigation of the complaint; and

(8) an explanation of the reason the file was closed, if the agency closed the file without taking action other than to investigate the complaint.

(d) The Director of Enforcement shall review the statistical information available in the complaint files and computer records, described in subsection (c) of this section, to identify geographical problem areas of the state where enforcement should be focused and make recommendations to the Enforcement Committee and the Executive Director for addressing the problems utilizing the resources available to the agency.

(e) Upon receipt of a complaint, the Director of Enforcement shall assign a priority of investigation to the complaint, with the highest priorities based on:

(1) any existing conditions that pose an immediate risk to public health, safety or property; and

(2) the possible loss of evidence that may occur if the complaint was investigated only in relation to the order that it was received; and

(3) complaints which do not contain existing conditions that pose an immediate risk or possible loss of evidence, as described in subsection (e)(1) or (e)(2) of this section, shall be investigated in relation to the order in which the complaint was received.

(f) The Director of Enforcement shall provide to the person filing the complaint and to each person who is a subject of the complaint a copy of the agency's policies and procedures relating to complaint investigation and resolution.

(g) The Director of Enforcement shall track each complaint and, at least quarterly and until final disposition of the complaint, shall notify the person filing the complaint and each person who is a subject of the complaint of the status of the investigation, unless the notice would jeopardize an undercover investigation.

(h) Following the investigation of a complaint, the Director of Enforcement shall refer the findings of the investigation with recommendations for disposition of the complaint to the Enforcement Committee.

RULE §367.9. Enforcement Committee; Complaint Review.

(a) The Enforcement Committee shall pursue expeditious resolution of complaints by voluntary agreed settlement, whenever appropriate.

(b) The Enforcement Committee may review complaints and alleged violations referred by the Director of Enforcement and may determine to:

(1) dismiss a complaint due to:

(A) no occurrence of a violation; or

(B) the lack of sufficient evidence to prove a violation;

(2) further investigate a complaint;

(3) find that a violation may have occurred and issue a warning;

(4) find that a violation occurred and pursue an administrative penalty under the Administrative Penalty Schedule adopted by the Board;

(5) find that a violation occurred and pursue license or registration probation, suspension or revocation; or

(6) pursue any other or additional action allowed under the Plumbing License Law and Board Rules that justice may require, including:

(A) issue a Cease and Desist Order, under §1301.5045, of the Plumbing License Law;

(B) file an injunction under §1301.504, of the Plumbing License Law;

(C) issue a Class C Misdemeanor citation to repetitive offenders of the Plumbing License Law or Board Rules, only if other enforcement measures, including administrative penalties have previously been imposed; or

(7) offer an Informal Conference to a Respondent in accordance with the requirements of the Administrative Procedure Act, if the Enforcement Committee determines that such a conference is needed to assist the Enforcement Committee in determining:

(A) whether or not a violation occurred;

(B) the seriousness or the effect of a violation;

(C) the appropriate disciplinary action to be pursued, including administrative penalties, license or registration probation, suspension or revocation; or

(D) the amount of restitution to be paid by a Respondent, under §1301.5071, of the Plumbing License Law, instead of, or in addition to other disciplinary actions.

Source Note: The provisions of this §367.9 adopted to be effective August 11, 2004, 29 TexReg 7703.

RULE §367.10. Administrative Penalty.

(a) If the Enforcement Committee decides to pursue an administrative penalty, a Notice of Alleged Violation must be issued to the Respondent. This notice will include a brief summary of the alleged violation, state the amount of the administrative penalty pursued, and inform the Respondent of the

Respondent's right to a hearing before the State Office of Administrative Hearings on the occurrence of the violation or the amount of the penalty.

(b) Not later than the 20th day after the Notice of Alleged Violation is received by the Respondent, the Respondent, in writing, must:

(1) agree to settle the matter without a formal hearing before the State Office of Administrative Hearings and accept the determination and settlement penalty recommended by the Enforcement Committee; or

(2) make a request for a formal hearing before the State Office of Administrative Hearings on the occurrence of the violation, the amount of the penalty, or both.

(c) If the Respondent agrees to settle the matter without a formal hearing and accepts the determination and amount of penalty pursued by the Enforcement Committee, the Respondent must pay the penalty to the Board according to an agreed schedule, or if there is no agreed schedule, not later than 60 days following the date that the Notice of Alleged Violation was issued.

(d) The Enforcement Committee must report the proposed agreement to the Board stating a summary of the facts or allegations against the Respondent and the amount of the recommended administrative penalty. The Board may approve the proposed agreement and its recommended penalty by order. If the Respondent subsequently violates the Board's Order adopting the agreement between the Respondent and the Enforcement Committee by failing to pay the penalty timely, the Board may:

(1) refuse to renew the Respondent's license or registration;

(2) refuse to issue a new license or registration to the Respondent, under §1310.451 of the Plumbing License Law;

(3) revoke the Respondent's license or registration; and

(4) may sue the Respondent to collect the penalty owed under §1301.712 of the Plumbing License Law.

(e) The Enforcement Committee must set a formal hearing on the matter as a contested case before an administrative law judge at the State Office of Administrative Hearings if:

(1) the Respondent requests a formal hearing not later than the 20th day after the Notice of Alleged Violation is received by the Respondent;

(2) the Respondent fails to respond in writing to the Notice of Alleged Violation not later than the 20th day after the Notice of Alleged Violation is received by the Respondent; or

(3) the parties do not agree to settle the matter as stated in subsection (c) of this section, or if the Board declines to approve the proposed agreement in subsection (d) of this section.

(f) Following the hearing the administrative law judge must issue a proposal for decision to the Board containing findings of facts and conclusions of law. While the administrative law judge may recommend a sanction, findings of fact and conclusions of law are inappropriate for sanction recommendations, and sanction recommendations in the form of findings of fact and conclusions of law are an improper application of applicable law and these rules. Sections 1301.451, 1301.701, and 1301.706 of the Plumbing License Law provide that the Board must impose the appropriate sanction. In all cases, the Board has the discretion to impose the sanction that best accomplishes the Board's legislatively-assigned enforcement goals. The Board is the ultimate arbiter of the proper penalty.

(g) The Board may impose an administrative penalty alone or in addition to other sanctions permitted under the Plumbing License Law.

(h) In determining the proper administrative penalty the Board will apply the factors to be considered set forth in §1301.702(b) of the Plumbing License Law. In particular, these factors are:

- (1) the seriousness of the violation, including:
 - (A) the nature, circumstance, extent, and gravity of any prohibited act; and
 - (B) the hazard or potential hazard created to the health, safety, or economic welfare of the public;
- (2) the economic harm to property or the environment caused by the violation;
- (3) the history of previous violations;
- (4) the amount necessary to deter a future violation;
- (5) efforts made to correct the violation; and
- (6) any other matter that justice may require.

(i) The following table contains guidelines for the assessment of administrative penalties in disciplinary matters. This table is for standard violations under normal circumstances and does not necessarily include every possible violation of the Plumbing License Law or Board Rules. The table is divided into two classes of violations. Class A violations are those violations with greater potential to jeopardize public health, safety, welfare, property, or environment. Class B violations are those with less immediate potential to jeopardize public health, safety, welfare, property, or environment.

(j) The amounts specified in the table in subsection (i) of this section are guidelines only. The Board retains the right to increase or decrease the amount of an administrative penalty based on the circumstances in each case. In particular, the Board may increase the amount of administrative penalties when the Respondent has committed multiple violations (e.g., some combination of different violations).

(k) Because it is the policy of the Board to pursue expeditious resolution of complaints when appropriate, administrative penalties in uncontested cases may be less than the amounts specified in the table in subsection (i) of this section. Among other reasons, this may be because the Respondent admits fault, takes steps to rectify matters, timely responds to Board concerns, or identifies mitigating circumstances, and because settlements avoid additional administrative costs to the Board.

(l) Other Costs. The cost of preparing the transcript of an administrative hearing is not an administrative penalty. Yet in all cases where the Board has determined that a violation occurred, the Board assesses the cost of the transcript of the administrative hearing to the Respondent.

(m) Based on the proposal for decision, including the findings of fact and conclusions of law, the Board must issue an Order stating its decision in the contested case and a notice to the Respondent of the Respondent's right to judicial review of the Order.

(n) When the Board's Order includes the imposition of an administrative penalty:

(1) not later than the 30th day after the date that the Board's Order becomes final:

(A) the Respondent must pay the penalty to the Board; or

(B) the Respondent must file a petition for judicial review contesting the occurrence of the violation, the amount of the penalty, or both, in accordance with §1301.707 or §1301.708 of the Plumbing License Law.

(2) after all opportunities for judicial review have passed and it is determined that the Respondent owes the penalty and fails to pay the penalty timely:

(A) the Board is authorized to refuse to renew the Respondent's license or registration and refuse to issue a new license or registration to the Respondent, under §1301.707 of the Plumbing License Law; and

(B) the Attorney General may sue the Respondent to collect the penalty under §1301.712 of the Plumbing License Law.

RULE §367.11. Reprimand; Probation; Suspension; Revocation.

(a) The board shall revoke, suspend, or refuse to renew a license, endorsement, or registration or shall reprimand a holder of a license, endorsement, or registration for a violation of the Plumbing License Law or Board Rules.

(b) For the purposes of this section, a reprimand means any disciplinary action, other than the probation, suspension or revocation of a license, endorsement or registration.

(c) A person whose license, endorsement, or registration has been revoked may not apply for a new license, endorsement, or registration before one year from the date of final revocation.

(d) The board may place on probation a person whose license, endorsement, or registration is suspended. If a license, endorsement, or registration suspension is probated, the board may require the person:

(1) to report regularly to the agency on matters that are the basis of the probation;

(2) to limit practice to the areas prescribed by the board; or

(3) to continue or review professional education until the person attains a degree of skill satisfactory to the board in those areas that are the basis of the probation.

(e) If the Enforcement Committee or the Board determines that probation is appropriate to deter future violations of the Plumbing License Law and Board Rules by the Respondent, probation shall be administered consistently under the following guidelines:

(1) for violations with greater potential to jeopardize public health, safety, welfare, property, or environment (as listed in the Board's Administrative Penalty Schedule for Class A violations), the term of the probation may not be less than one year or more than five years; and

(2) for violations with less potential to jeopardize public health, safety, welfare, property, or environment (as listed in the Board's Administrative Penalty Schedule for Class B violations), the term of the probation may not be less than six months or more than one year.

(f) Probation by voluntary agreed settlement between a Respondent and the Enforcement Committee may meet such terms that both parties deem fair and which in the interest of justice may require.

RULE §367.12. Failure to Request Hearing After Notice of Intent to Deny or Revoke.

(1) a summary of the allegations against the applicant;

(2) the applicant's right to be represented by an attorney on the matter;

(3) the applicant's right to request a hearing on the matter before the State Office of Administrative Hearings;

(4) the applicant's request for a hearing must be made no later than 20 days after the receipt of the notice; and

(5) the applicant's failure to request a hearing within 20 days after the receipt of the notice results in the Enforcement Committee's decision to deny or revoke becoming final and judicial appeal of the denial or revocation being waived by the applicant.

(c) Any individual whose application for examination, a license, registration or endorsement has been denied or revoked may re-apply to the Board after a waiting period of at least one year from the date that the denial or revocation became final. The Enforcement Committee shall be delegated the authority of making the initial review of the re-application. If the Committee decides to deny the re-application it shall proceed as defined in subsection (a) of this section.

(d) If the committee makes a decision to approve the applicant's request, it must be presented for approval before the Board members, at a regularly scheduled Board meeting to approve the applicant's request, if approved, then the applicant is to follow the same licensing or registration procedures required of a first-time licensee or registrant.

(b) If the Informal Conference results in the Enforcement Committee and the Respondent entering into an agreed settlement of restitution or action on the Respondents license or registration, the Director of Enforcement shall prepare an Agreed Final Order to be presented by the Enforcement Committee to the Board for adoption.

(c) If the Informal Conference fails to result in an agreed settlement, the Enforcement Committee shall set a formal hearing on the matter as a contested case at the State Office of Administrative Hearings.

(b) Respondent means:

- (1) a person in a contested case charged with a violation of the Plumbing License or Board Rules; or
- (2) an applicant who has been denied a license, registration or endorsement by the Enforcement Committee.

(c) The Board shall provide for a hearing at the State Office of Administrative Hearings, when requested by a Respondent, after issuing a formal complaint that:

- (1) charges an individual with any violation of the Plumbing License Law or Board Rules; or
- (2) would prevent an otherwise qualified individual from obtaining or renewing a license, registration, or endorsement, or taking an examination.

(d) The Board shall conduct the hearing in accordance with all applicable provisions of the:

- (1) Administrative Procedure Act;
- (2) State Office of Administrative Hearings Rules;
- (3) Plumbing License Law; and
- (4) Board Rules.

(e) The Board may serve the notice of hearing on the respondent at his or her last known address as shown by the Board's records.

RULE §367.15. Failure to Attend Hearing and Default.

(a) Default. If the party who does not have the burden of proof fails to appear at a contested case hearing at the State Office of Administrative Hearings, the administrative law judge must issue a default proposal for decision that can be adopted by the Board.

(b) Failure to issue default proposal for decision. If the administrative law judge grants a default but does not issue a default proposal for decision and instead issues a default order dismissing the case and returning the file to the Plumbing Board for informal disposition on a default basis in accordance with §2001.056 of the Texas Government Code, the Board may issue a final order deeming the allegations in the complaint as true.

(c) Contesting a final order issued following a default. In the event that the respondent wishes to contest a final order issued following a default, the respondent must file a motion for rehearing to set aside the final order within 20 days after issuance of that order, and this motion must show the following:

- (1) the failure to timely file a written answer or appear at the SOAH hearing was caused by fraud, accident, or wrongful act or mistake of the Board;
- (2) the failure to timely file a written answer or appear at the SOAH hearing was not the result of respondent's fault or negligence nor of respondent's representative if any;
- (3) the respondent has a meritorious defense; and
- (4) the motion for rehearing must be supported by affidavits and documentary evidence of the above and show a prima facie case for a meritorious defense.

(d) Failure to Prosecute. If a party who has the burden of proof fails to appear at a contested case hearing at the State Office of Administrative Hearings, the administrative law judge must dismiss the case for want of prosecution, any relevant application will be withdrawn, and the board may not consider a subsequent petition from the party until the first anniversary of the date of dismissal of the case.

(e) Applicants for licensure bear the burden to prove fitness for licensure.
