

**IMPORTANT INFORMATION: RESPONSIBLE MASTER PLUMBER (RMP)
CHANGE OF COMPANY**

The attached form should be used by a RMP to notify the Texas State Board of Plumbing Examiners (TSBPE) of: (1) a change in employment from one company to another; or (2) a change in the name of your company. The TSBPE licenses individuals and not companies, which limits our ability to maintain detailed information on each plumbing company operating in Texas. Therefore, your compliance is appreciated.

The TSBPE strongly suggests that you take certain steps to protect your license. First and foremost, you should have your insurance agent submit a Certificate of Insurance (COI) showing your updated company information. You can access the most current COI Form at <https://tsbpe.texas.gov/applications-forms/>. The effective date of the new COI should match the effective date of your company name change or change in employer. Your new COI must be emailed to insurance@tsbpe.texas.gov. For faster processing, you should submit the COI and the RMP Change of Company Form together.

If you are leaving your current company to serve as the RMP for a new company, you should provide the company you are leaving with written notification of your departure. The notice should include a request to remove your license number and/or name from all service vehicles, advertisements, and documents like invoices or contracts and the effective date of your departure. In addition, you should actively work with your former employer to make sure that your license number and/or name are removed. It is a violation of the Plumbing License Law and Board Rules represent that a company has secured the services of a RMP when the company has not. It is also a violation to serve as a RMP for more than one company that advertises for or otherwise offers to perform or provide plumbing work.

You may send a copy of the notice of departure to the TSBPE's Enforcement Department. However, providing a copy to us will not eliminate your liability as an RMP for any complaints received regarding incidents that occurred prior to the effective date of your departure.

A second written notice should be provided to all cities where work was contracted for or performed under your license. **Do not rely on telephone calls.** The notice should include the effective date of your departure from your current company or company name change. If you or your company are registered with the city, there may be additional procedures you need to follow to change your registration.

Finally, if your address on file with the TSBPE is the address of your former employer, please update your address. To update your address, login to the Online Licensing System and choose the application entitled "Update Address." You may also update your address on the TSBPE website here: <https://tsbpe.texas.gov/update-your-address/>

Above all, protect your license!
